Ride Control Kit # 59565, 2007 Chevrolet 1500 Silverado and GMC Sierra 1500

RideCONTROL
by AIR LIFT®

No drilling required!

Description

This kit is designed for the **2007 Chevrolet Silverado 1500 and GMC Sierra 1500**. The kit fits the 2WD & 4WD new body GMT 900 chassis with bed lengths of 68.4" or 78". The RideControl kit bolts on, utilizing existing factory holes. No drilling is required. As with any Air Lift helper spring kit, this product will improve ride quality, reduce roll, and stabilize the vehicle when loaded within the vehicle weight ratings.
